Gentlemen and Mrs. Schmidt:

Attached hereto is a copy of a resolution pertaining to one (1) zoning ordinance amendment.

In addition to the reasons outlined in the resolution, the following are additional remarks pertaining to the ordinance involved.

1. Bill No. G-71-05-14

   An ordinance amending Subsection B (2) (E) of Section 17 of Chapter 36 of the Municipal Code of the City of Fort Wayne, Indiana, 1946, as amended. (Zoning Ordinance)

   "Section 17. Yard Requirements - All Districts.

   Subsection B (2) (E)
   Fence or Wall - a fence, latticework screen or wall not exceeding seven (7) feet in height or a living screen or fence of any height, may be located in the required side or rear yard, and a hedge or ornamental fence maintained or constructed so as not to exceed three (3) feet in height may be located in any required front yard. Provided, however, that nothing in this chapter shall be deemed to prohibit the construction in connection with a permitted agricultural use."

A public hearing was held on July 19, 1971. Following the public hearing the staff made inquiries and acquired information regarding different types of decorative fences available.

The ordinance was resubmitted to the Plan Commission for their consideration. The Commission continued this ordinance again because of the many problems they felt the new amendment might create. The problems discussed included such things as:

a. Problem of enforcement.

b. The problem of defining the term "ornamental" - there should be a set of criteria established.

c. What problems are created by having several different types of fences in the same block - no continuity of design.

The Plan Commission staff has been unable to process this amendment, therefore we request the ordinance be withdrawn in order that we can resubmit this amendment at another time.

If there are any questions with regard to this ordinance, please feel free to call on us.

Respectfully submitted,
